VALUE CHAIN ADDITION

The Forensic Lifecycle

VALUE CHAIN ADDITION/PROJECT PROCESS

EXTRACTION

Automated Python/Bash scripts pull volatile artifacts (RAM, logs) before they are lost.

NOTARIZATION

Local SHA-256 hashing converts raw data into a digital "DNA" sample.

IMMUTABILITY

The hash is anchored to a Blockchain Smart Contract, creating a permanent, time-stamped record.

ADMISSIBILITY

The system generates a Section 63(4) Certificate, making the data ready for high-court scrutiny.

KEY PERFORMANCE INDICATORS FOR 4 STEPS: VIGIL-AXIS

Zero-Latency Hashing

Triage Efficiency

Immutable Audit Trail

BSA 2026 Compliance

Zero-Hash Collision

Data Persistence

Chain-of-Custody Finality

Storage Efficiency

UNIQUE EDGE

We don't just "manage" files; our scripts actively hunt and secure them at the source

Unlike centralized databases, our logs are secured by Decentralized Ledgers that no admin can edit.

We turn complex data into a simple "Verified/Tampered" badge anyone can trust.

Built specifically for the 2026 legal shift, making us the only "compliance-first" tool in the hackathon.

Synergistic Opportunities: Demonstrating Value to Prospective Buyer, VIGIL-AXIS

VIGIL-AXIS

VIGIL-AXIS : Automated Triage + Blockchain Notary + BSA 2023 Compliance. A multi-agency forensic ecosystem for secure evidence logging and legal admissibility.

Indian Law Enforcement (LEAs) and corporate Incident Response teams require a unified, Immutable solutions for evidence logging and BSA 2026 Compliance. **VIGIL-AXIS** automates collection and notarizes integrity.

LEA (Delhi Cyber Cell) wants to process 1 Case (approx. 100 artifacts) with Chain of Custody.

Cost Allocation and Client free Assessment

- Vigil - Agent Setup Fee = RS. 5,000
- Usage Fee (RS. 100/ artifact X 100) = RS. 2,000
- Secure Storage (1 year) = RS. 3,000
- IPFS Pinning & Hash Registry = RS. 2,000
- SHA - 256 Hashing and Verification = RS. 1,000

Internal Operating Cost = Rs.13,000

Client Transaction fee = Rs. 15,000

Internal Operating Cost = Rs.13,000

Profit = Rs.2,000
